

EFFECTIVE FEB. 1, 2024

Short-Term Disability Benefit Increases

\$200/week to
\$300/week
for 26 weeks for full-time eligible members

\$98/week to
\$200/week
for 26 weeks for part-time eligible members

Disability payments begin when members have used up all sick days, Section 3.5, and/or Donated/Dedicated Sick Leave Grant, but not before the end of eight days of total disability at home. If members are hospitalized, however, the benefit begins as soon as they have exhausted their sick days.

The benefit is paid for up to a maximum of 26 weeks but not longer than the member remains totally disabled.
